WINEMAKING & AGEING

In order to keep the aromatic potential of the grapes, the harvest is done early in the morning when the temperatures are at the lowest. Pressing is done at a low pressure to get the lightest pink color, as an invitation to delicacies. Fermentation takes place during autumn to preserve its delicate colour. It is bottled the winter following the harvest.

FOOD PAIRING

A great refreshing drop, our Loire Rosé will perfectly compliment your summer meals with friends at a BBQ.

TASTING NOTES

Pale pink hue and nose offering notes of crushed strawberries complemented by a touch of mint. The palate is fresh, fruity and incredibly seductive. The clean and direct finish imparts a beautifully fresh mouthfeel.

VINTAGE 2022

We were looking for a light, fruity structure in this highly pleasurable wine. 2022 gave us exceptional balance between alcohol, fruit and richness.
